

Dengue downregulated RNAs: Most significant gene functions (ordered by PValue)

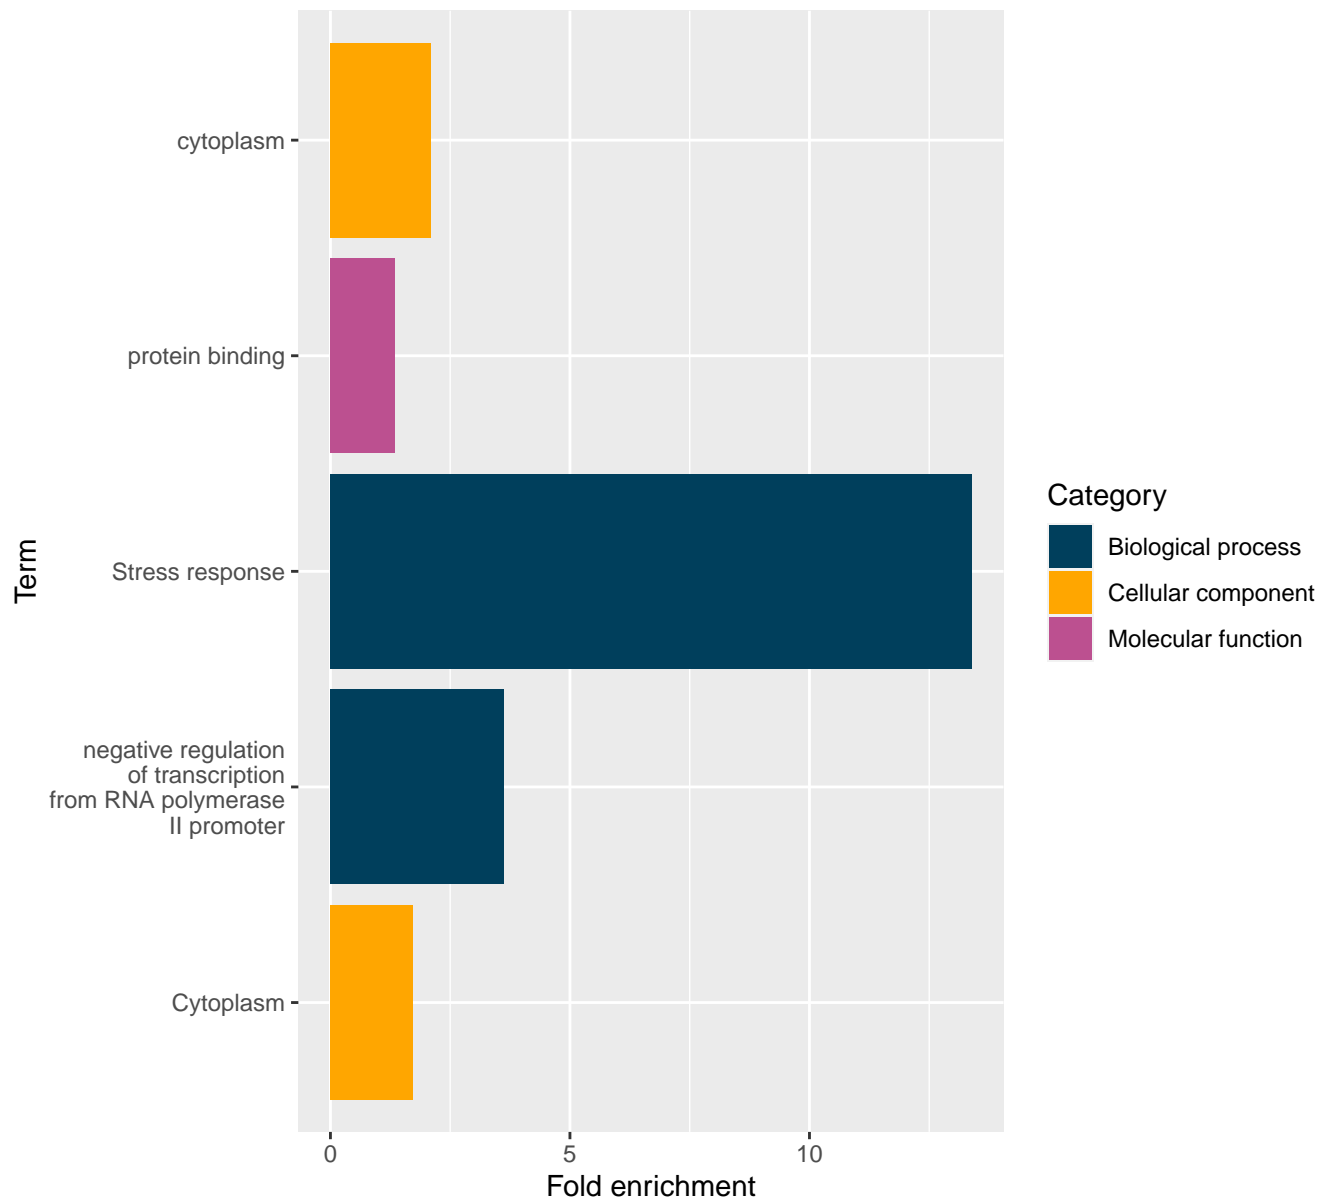

Dengue upregulated RNAs: Most significant gene functions (ordered by PValue)

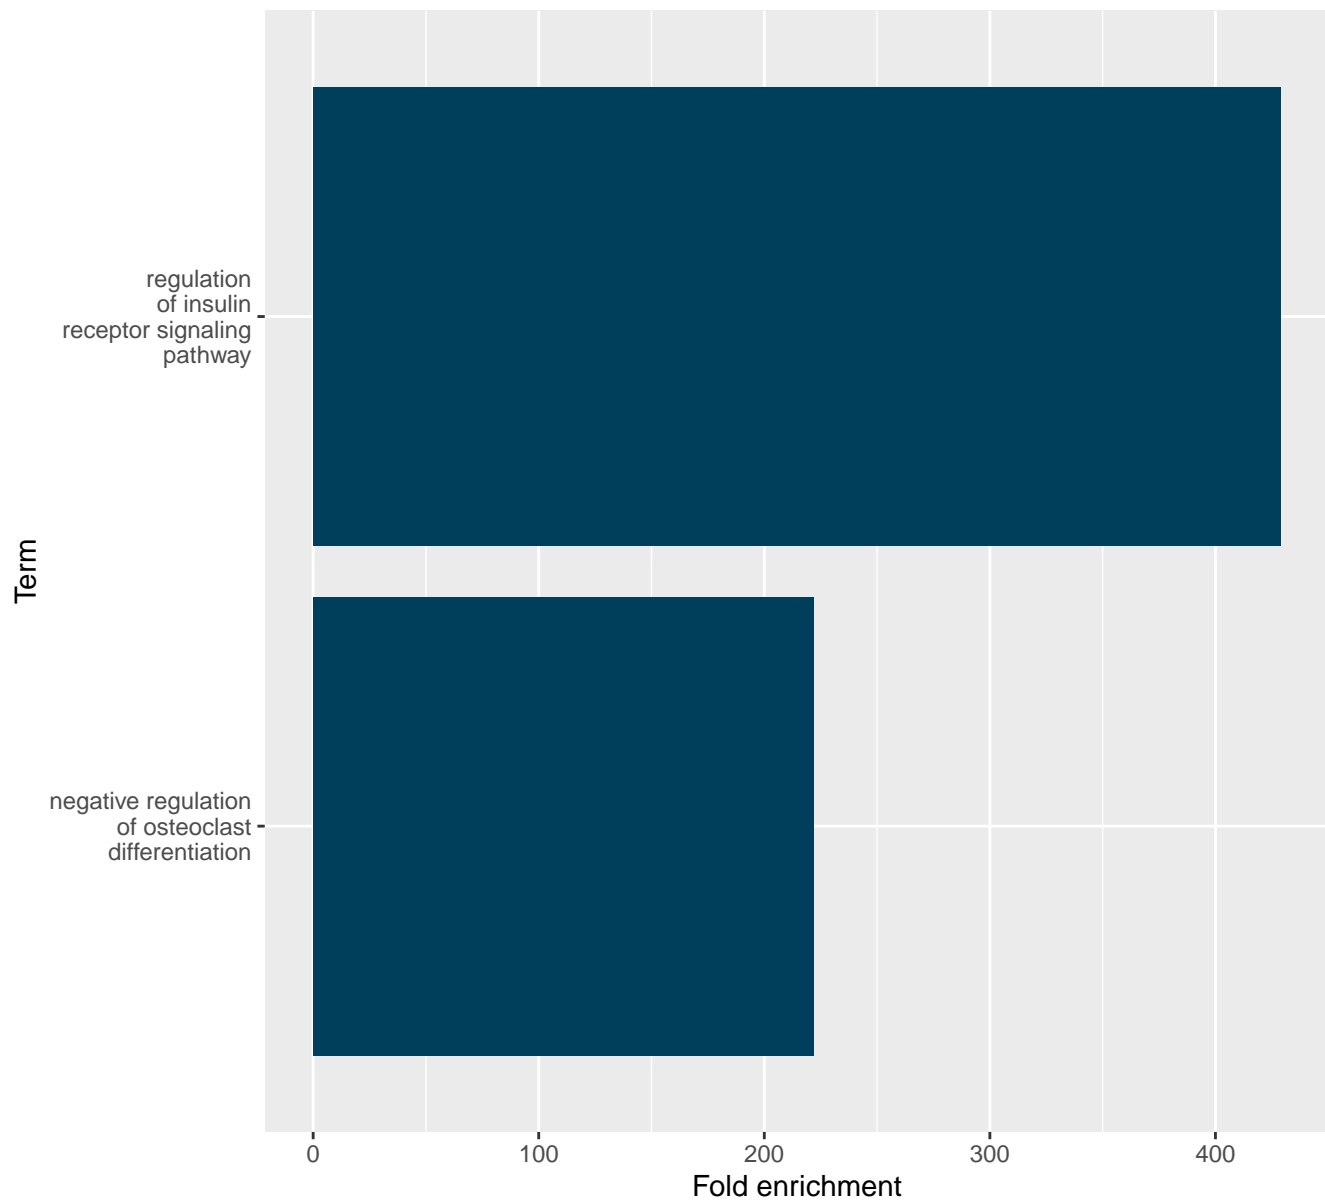

Zika downregulated RNAs: Most significant gene functions (ordered by PValue)

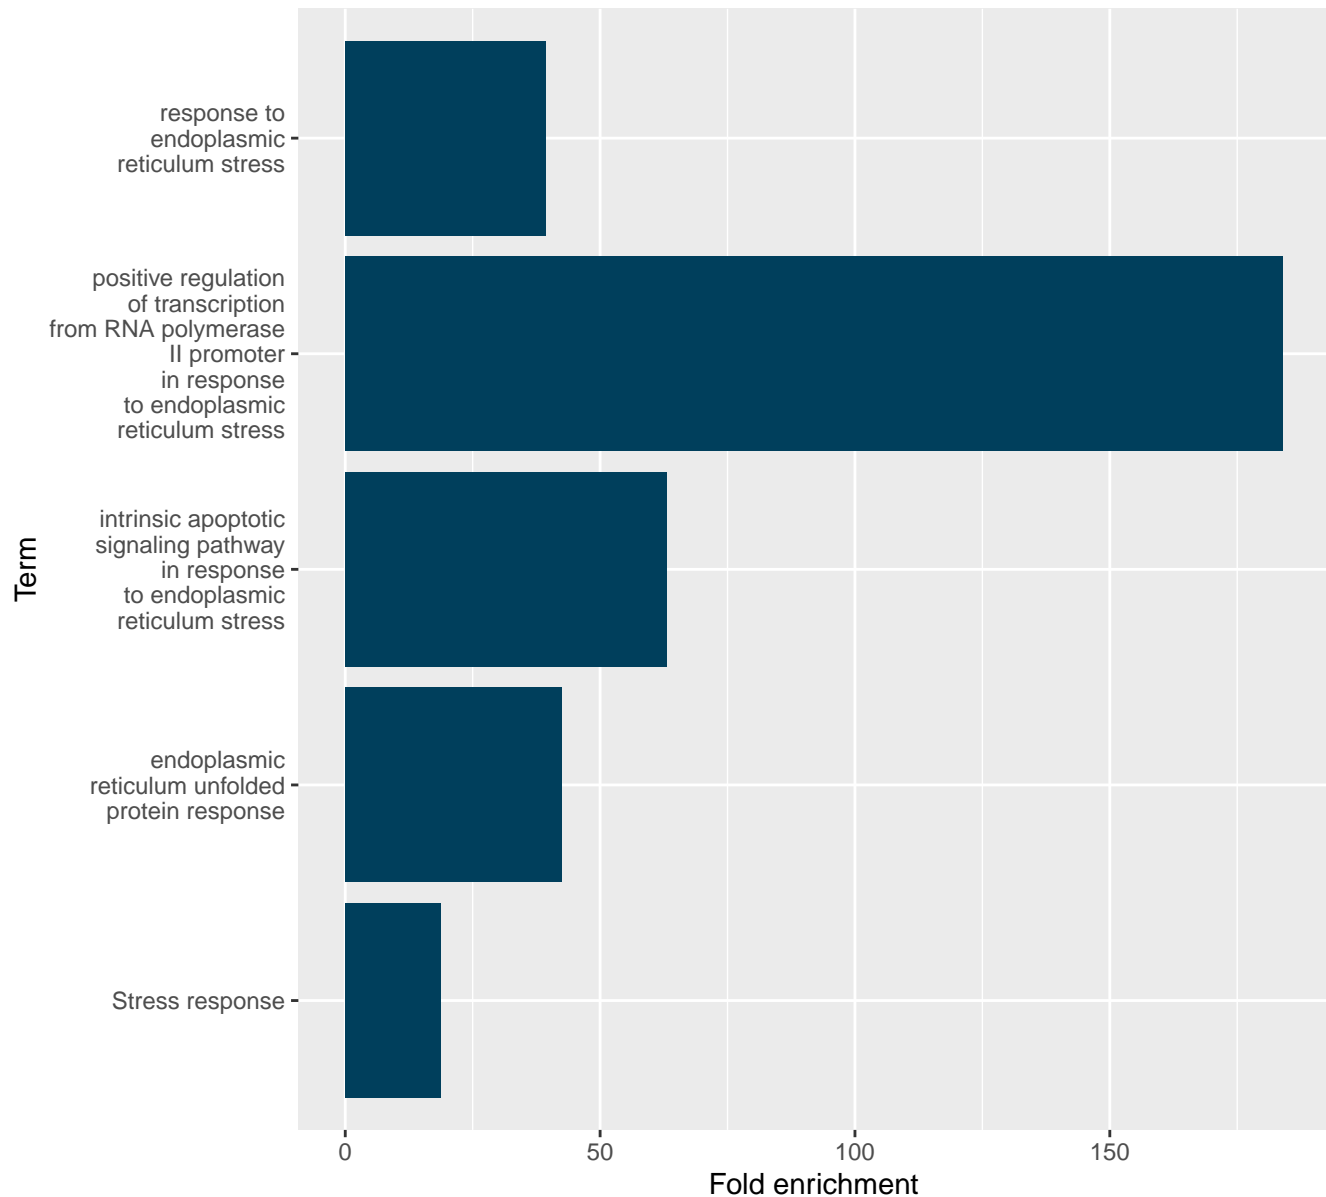

Zika upregulated RNAs: Most significant gene functions (ordered by PValue)

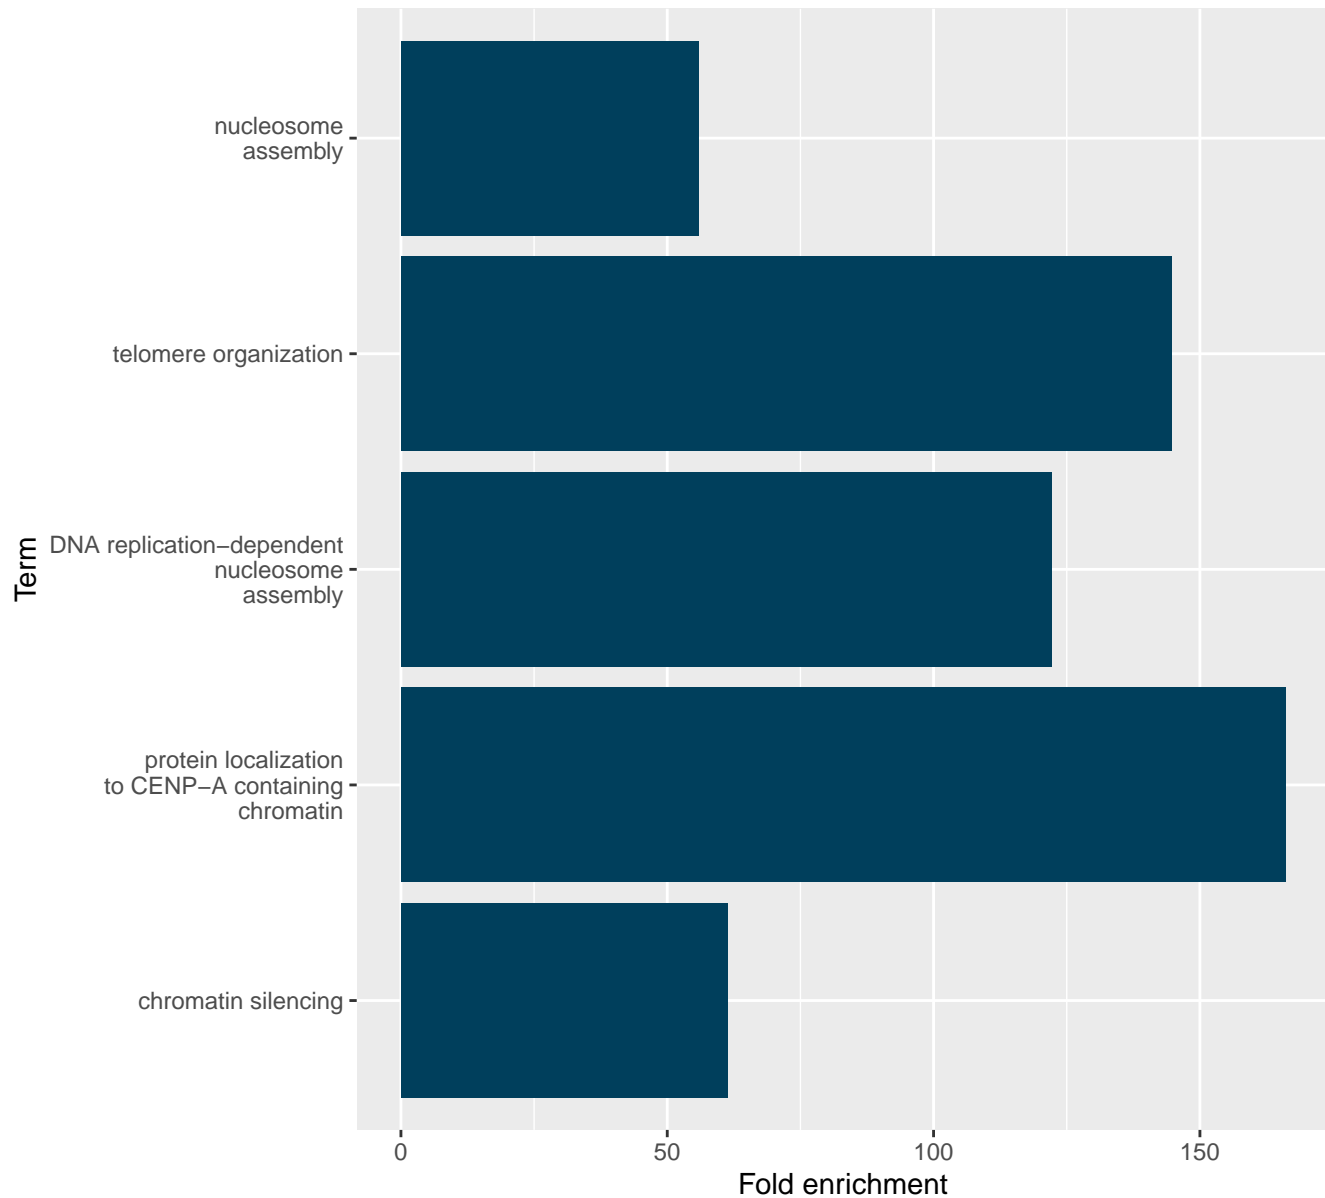

Dengue downregulated RNAs: Most significant gene biological processes (ordered by PValue)

Dengue upregulated RNAs: Most significant gene biological processes (ordered by PValue)

Zika downregulated RNAs: Most
significant gene biological processes
(ordered by PValue)

Zika upregulated RNAs: Most
significant gene biological processes
(ordered by PValue)
