

Dengue downregulated RNAs: Most significant gene functions (ordered by Benjamini)

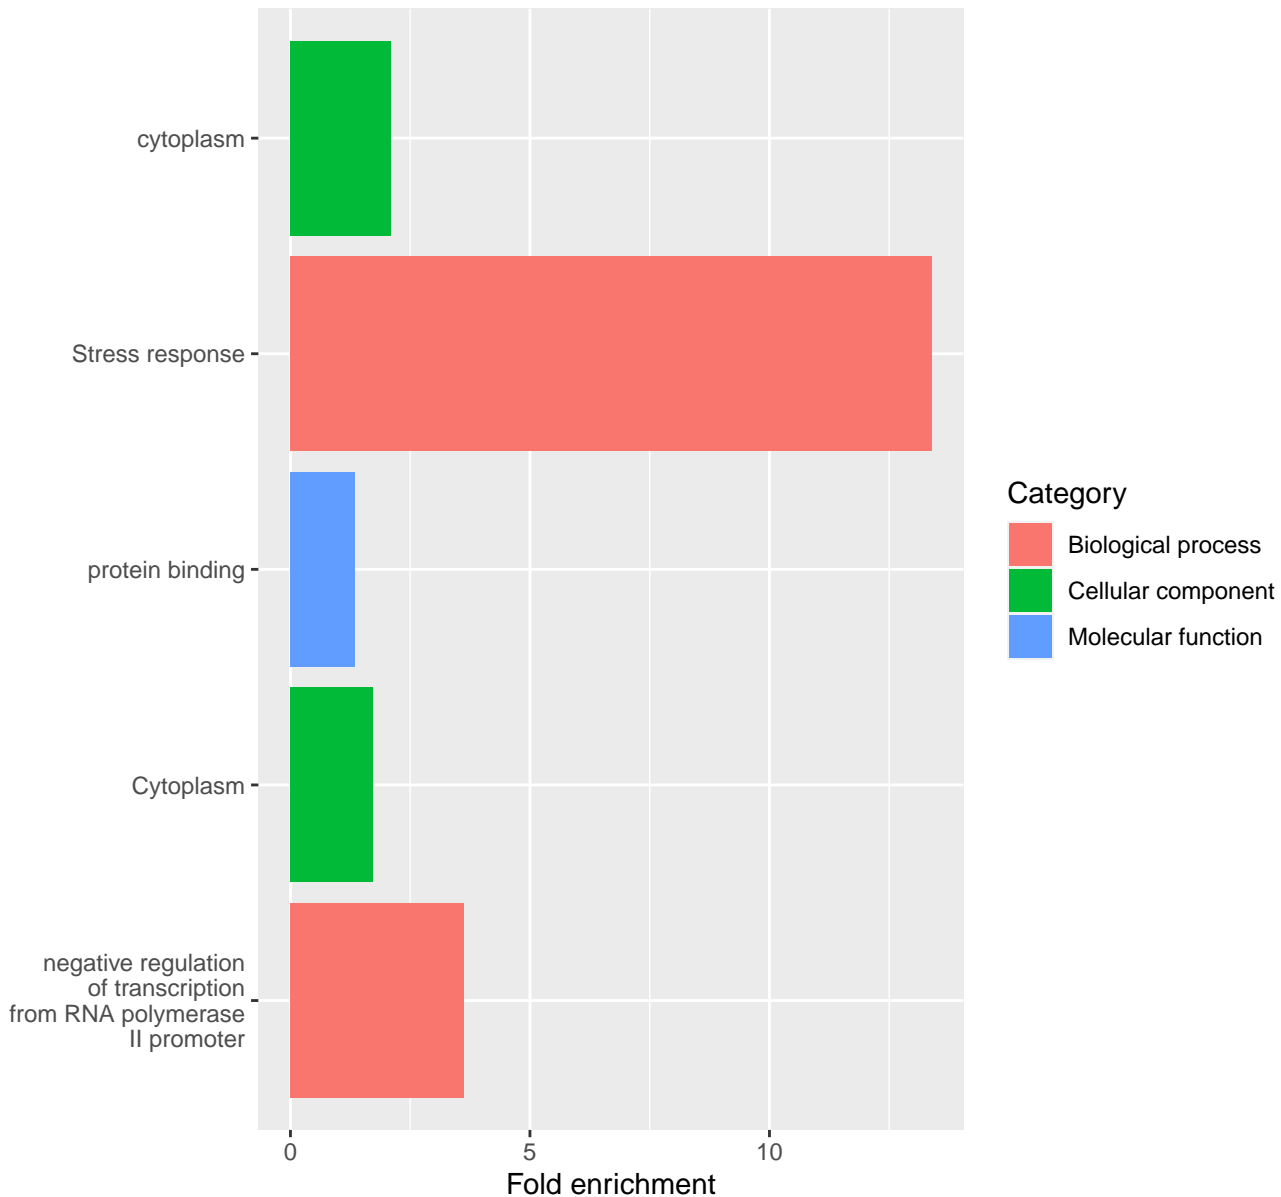

Dengue upregulated RNAs: Most
significant gene functions
(ordered by Benjamini)

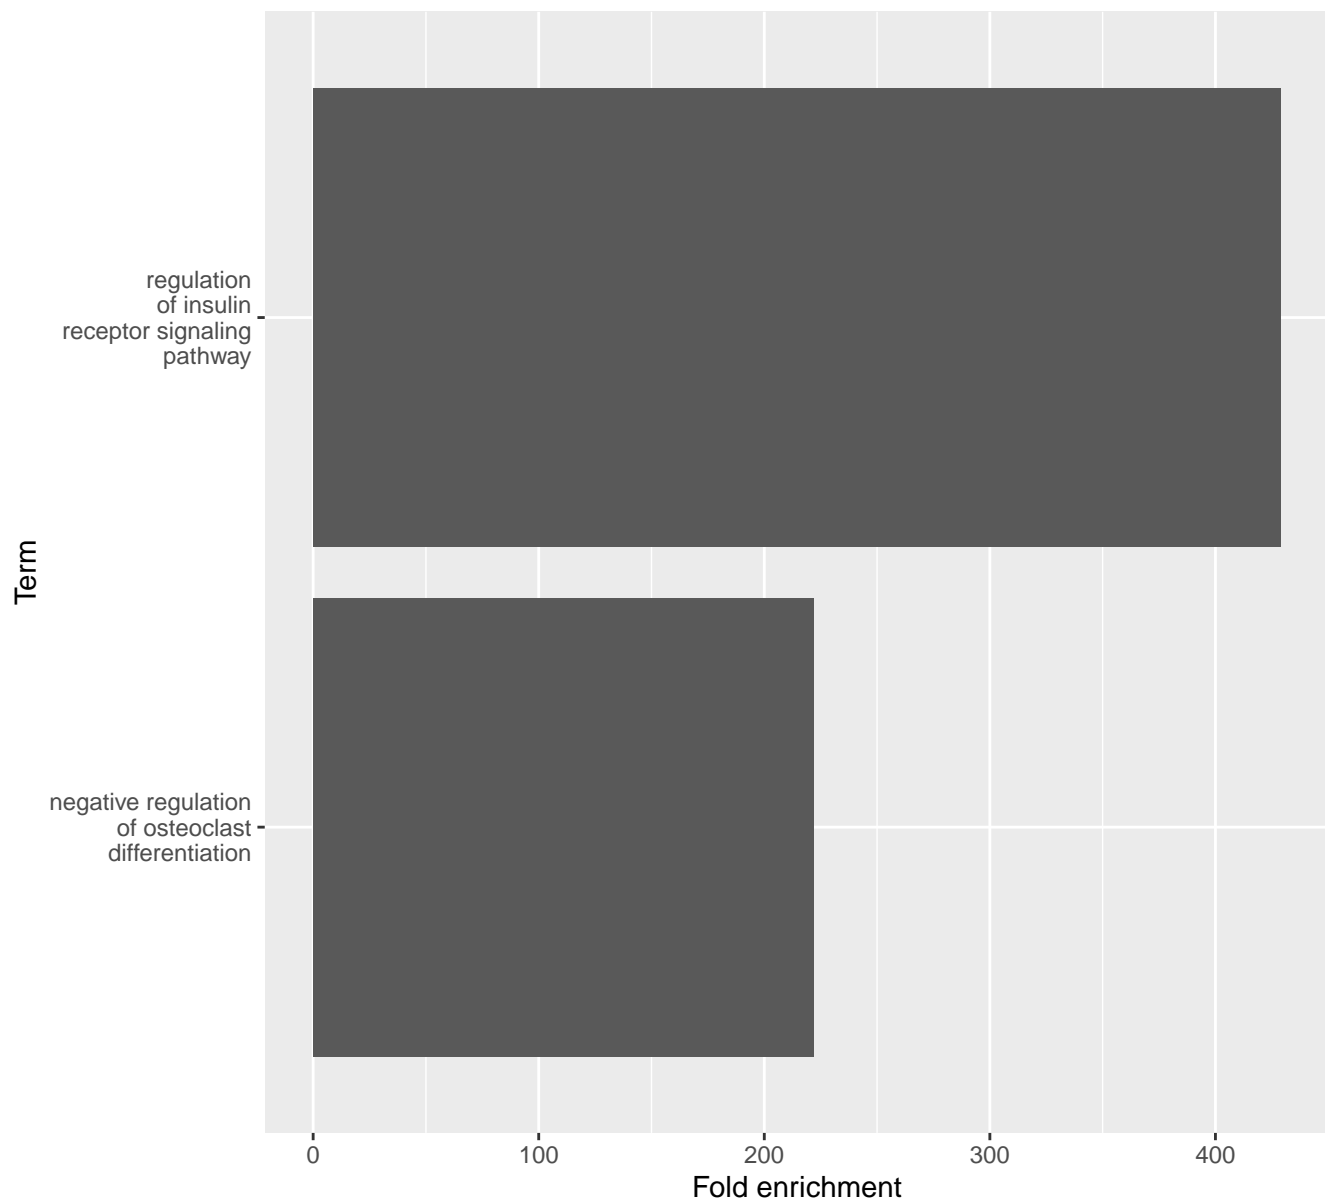

Zika downregulated RNAs: Most significant gene functions (ordered by Benjamini)

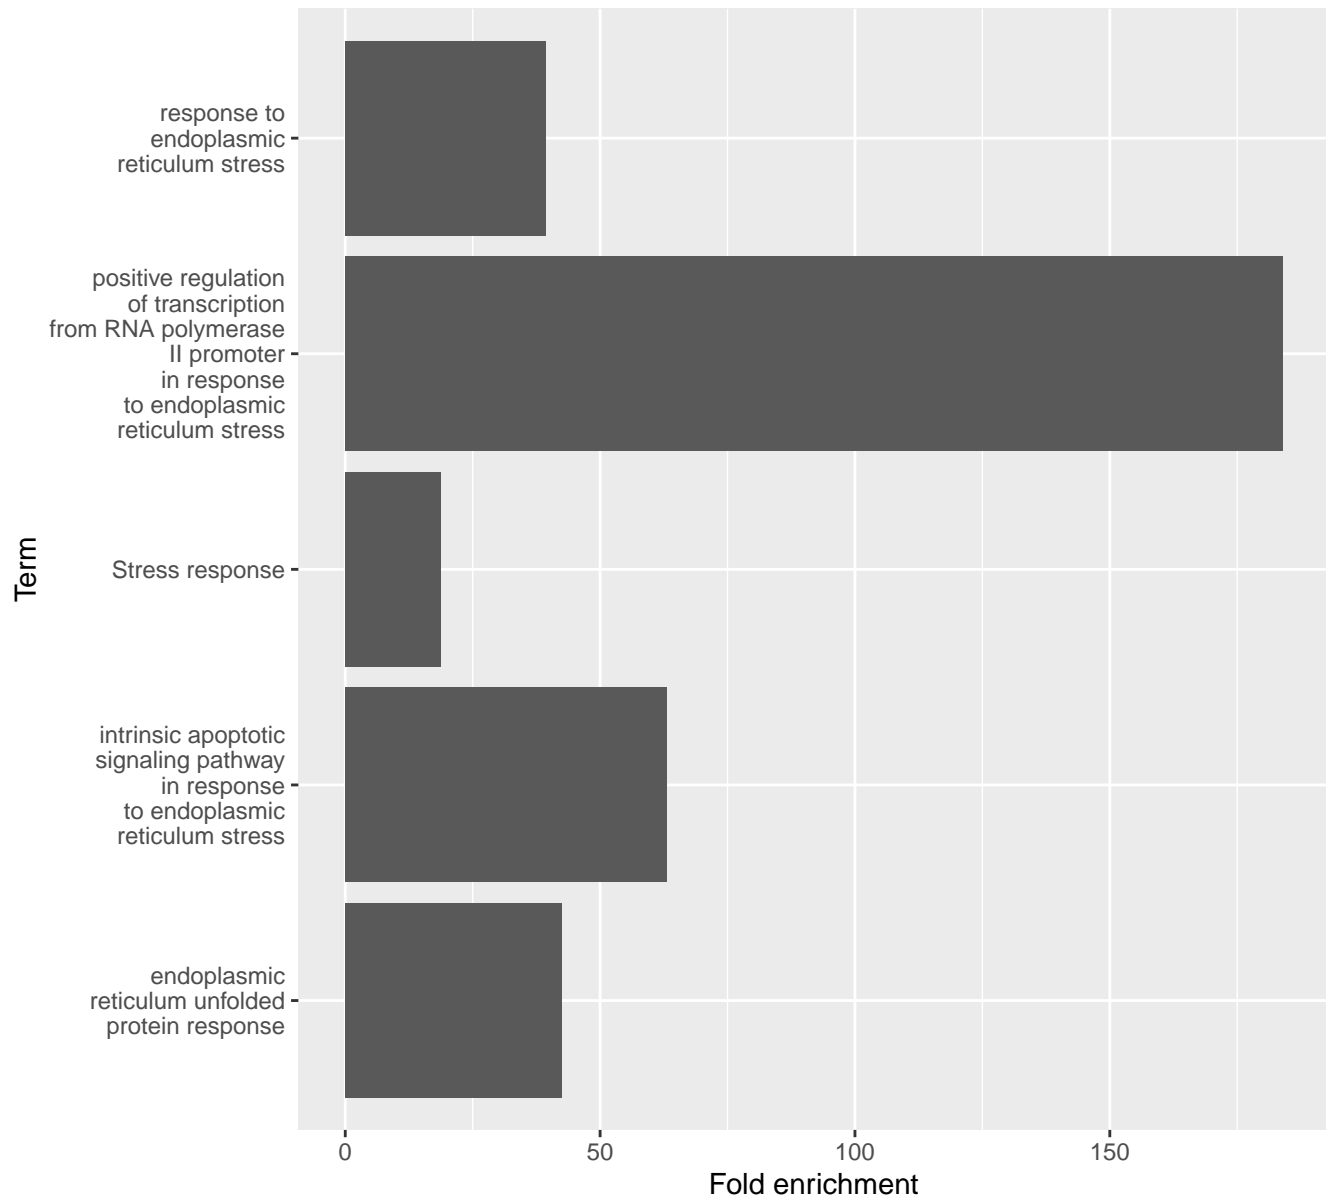

Zika upregulated RNAs: Most
significant gene functions
(ordered by Benjamini)

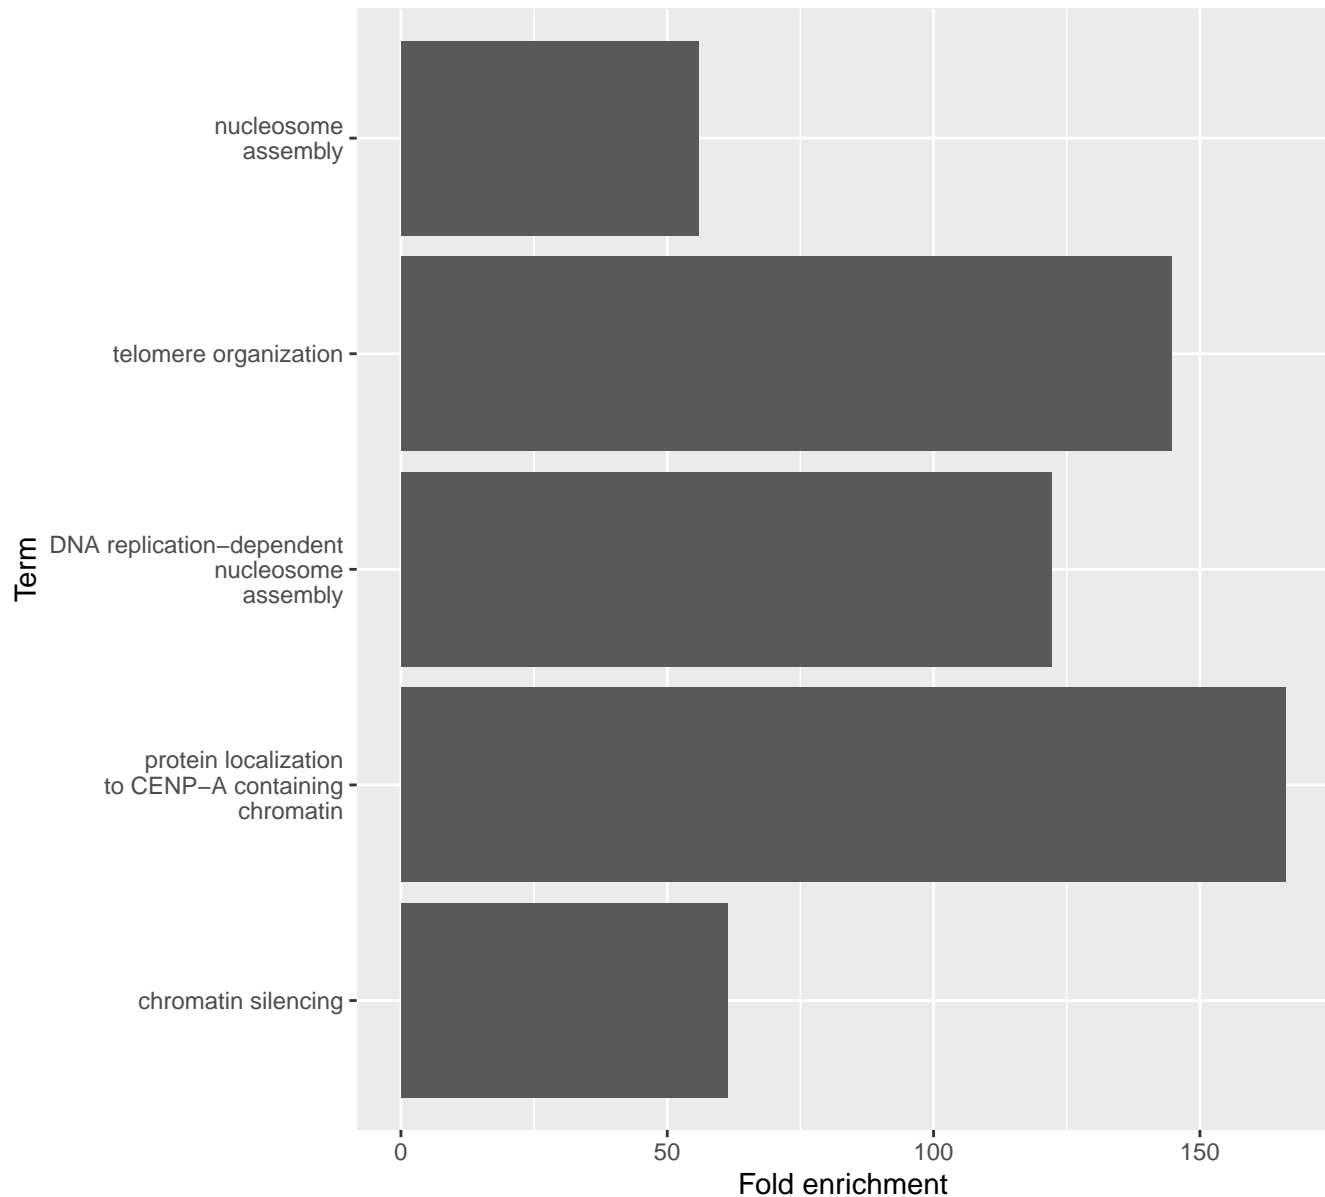

Dengue downregulated RNAs: Most
significant gene biological processes
(ordered by Benjamini)

Dengue upregulated RNAs: Most significant gene biological processes (ordered by Benjamini)

Zika downregulated RNAs: Most
significant gene biological processes
(ordered by Benjamini)

Zika upregulated RNAs: Most
significant gene biological processes
(ordered by Benjamini)
